CUSTOMER BRIEF

HMF assist by providing expert advice and understanding when considering the client's needs at this stage. Our objective is to deliver the right solution, on time and at the right price.

DESIGN

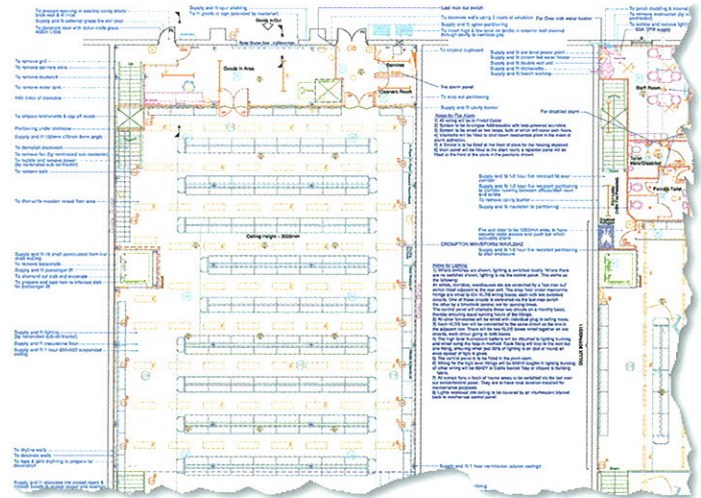

HMF provide computer aided, state of the art drawing facilities to help its clients choose the best solution for their particular needs.

PLANNING

When it comes to planning the implementation of project work, HMF provide a clear and concise schedule of works. From inception to completion, HMF help you to plan to minimise disruption to your operations, whilst work is under way.

COMPLETION

Total Customer Satisfaction is our aim and nothing less will suffice. As a result of our customer feedback process, we have a proven record of providing solutions that consistently meet and exceed our customer's expectations.
